Sustainable Procurement & Environmental Policy

At The Glenerne Guest House we are committed to ensuring that the goods and services that we purchase and provide are manufactured, delivered, used and disposed of in an environmentally and socially responsible manner.

Education and Awareness

We will strive to:

- Communicate our Sustainable Procurement Policy to all clients, suppliers and stakeholders
- Encourage our customers to review their consumption of goods and services, reduce usage where possible and practical, and adopt an environmentally friendly approach

Policy, Strategy and Communication

We will strive to:

- Work in partnership with other local companies and organisations, to promote sustainable procurement and maximise sustainable procurement gains
- Consider the costs and benefits of environmentally preferable goods, suppliers and services
- Wherever possible and practicable, specify a requirement in line with nationally or regionally agreed minimum environmental specifications
- To obtain the best possible contracting arrangements with the key energy suppliers for electricity and gas supplies, taking account of green energy requirements
- Investigate the opportunities for the recycling and re-use of materials where appropriate
- Communicate our environmental and sustainability objectives to our suppliers and customers
- Comply with any legislation relevant to sustainability
